This course is designed to teach new and inexperienced riders the skills needed to operate a motorcycle safely. If you are just learning to ride a motorcycle or would like to learn safety skills, this course is for you.

Completion of Course - Once you complete the course there is a written test which is multiple choice and a riding course test.

After passing both tests you are issued a Certificate from the State of TN (which is a legal document) which is taken to TN Motor Vehicle Office with your regular driver's license, and there the Motorcycle Endorsement is placed on your regular driver's license for an additional fee.

Once this course is successfully completed there is no further testing to obtain a Motorcycle Endorsement. **If you have an Out of State Drivers License you need to check on how you can add your Motorcycle Endorsement to your State's Driver's License.

You are also issued a Motorcycle Safety Foundation Completion Card which verifies that you took the course.
