CARING COMPETENCE

The nursing faculty at Motlow State Community College (MSCC) is pleased that you are considering applying to the Associate Degree Nursing Program. Motlow College’s Nursing Program has a tradition of graduating students who excel in the nursing profession.

What is an Associate Degree Nursing Program?

The nursing courses in an Associate Degree program prepare the student to be a generalist, entry-level registered nurse. Upon completion of the program, the student earns an Associate of Applied Science degree and is eligible to take the registered nurse licensing exam.

The program admission information will assist you in the process of applying to enter the Nursing Program at Motlow College. If you have questions, please call 931-393-1628 / 800-654-4877 x 1628 or email nursingeducation@mscc.edu. We look forward to getting to know you.

Sincerely,

Pat Hendrix MS, RN
Director of Nursing Education and Allied Health

Nashville, TN 37243

Revised 7/2015-PH
Motlow College Nursing Program

The nursing program functions within the general policies, purposes, and standards of Motlow State Community College and is especially concerned with meeting the educational and health care needs of the community. The four semester curriculum provides learning opportunities which emphasize the application of the nursing core competencies which are professional behaviors, communication, assessment, clinical decision making, caring interventions, teaching and learning, collaboration, and managing care of a diverse client population. Clinical activities are provided in campus classrooms, area hospitals, extended care facilities, and other health and community agencies. While the majority of the clinical experiences are located within the college’s eleven county service area, additional travel is sometimes required. Students completing this program will be awarded an Associate of Applied Science (AAS) degree. Articulation with a baccalaureate program of study is supported.

LPN TO RN NURSING TRANSITION ADMISSION

Application Procedure

- Apply and be accepted for admission to Motlow State Community College.  
  *(Students will declare Nursing as their major but will be placed in General Studies until accepted into the nursing program)*
- Submit all prior collegiate and high school transcripts to the Admissions and Records Department by January 31, 2017 at 4:30 CST. It is the responsibility of the student to ensure that official transcripts have been received by the Admissions department from all previously attended institutions. Incomplete or inaccurate transcripts will affect the student’s ability to be admitted or retained within the program.
- Submit a nursing program application.
- The nursing program application is available beginning November 1st through MyMotlow on the college’s website. Submission of applications to Motlow’s nursing program ends at 4:30 pm CST on January 31, 2016.
  - To access the nursing program application:
    1. Log-in to MyMotlow
    2. Click Student
    3. Click Applications for Nursing, Scholarships, Access and Diversity Grant
    4. Click Nursing Application and complete the application.
      - Upon submission of an application, a confirmation email will be sent. Please print and retain this confirmation email.
      - Nursing program applications received after the application deadline will not be considered.
- Be a graduate of an accredited practical nurse program.
- Email a scanned copy of LPN licensure by January 31, 2017 at 4:30 CST to the Nursing Program (nursingeducation@mscc.edu).
- Register and take the HESI entrance exam. Click here to view the HESI entrance exam dates. The HESI entrance exam for Motlow’s Nursing Program includes these components: math, reading comprehension, vocabulary and general knowledge, grammar, and anatomy and physiology. The entrance exam will be administered in the Testing Center on designated dates at all campuses during the fall and spring semesters. *(Note: Students who take the HESI Entrance Exam at MSCC during the current academic year will have their entrance exam results automatically sent to the Nursing Program.)
  - If a student wants to use a HESI entrance exam from a prior year or a HESI entrance exam taken at another institution is to be used, the student must:
    - Verify that the HESI entrance exam was taken within the past five years.
Verify that the HESI entrance exam contains the components required by Motlow’s Nursing Program: Math, Reading Comprehension, Vocabulary and General Knowledge, Grammar, and Anatomy and Physiology.

Email a scanned copy of the HESI entrance exam’s summary report to the Nursing Program (nursingeducation@mscc.edu) by January 31, 2017. Students will receive an email response confirming that the HESI entrance exam was received. (Please note: the Nursing Program does not have access to prior HESI entrance exam scores.)

- Notification of the student’s acceptance and/or denial to the nursing program will be done by electronic mail via the student’s Motlow email account.

Selection Criteria

LPNs desiring to apply to the Nursing Program must:

- Have a cumulative collegiate grade point average no less than 2.75. The grade point average used to calculate admission is the GPA at the end of the fall semester prior to admission and does not include learning support courses
- Complete all required learning support requirements. An applicant may be conditionally accepted if he/she is in the process of taking learning support coursework which will be completed prior to beginning the LPN to RN Transition Course
- Complete BIOL 2010, BIOL 2020 and BIOL 2230 with a grade of “C” or better prior to beginning the LPN-RN Transition Course and within the past five years.
- Complete ENGL 1010 and PSYC 1030 prior to beginning the LPN to RN Transition Course
- Have a cumulative HESI entrance exam score of 80% or higher

LPN applicants who score less than 80% on the entrance exam, have a cumulative, collegiate GPA less than 2.75 or cannot complete the prerequisite science and general education courses prior to the start of the LPN to RN Transition course will not be considered for admission.

Candidates who qualify for admission are selected for entry into the nursing program based on total points calculated from grade point average and entrance exam scores with a total of 800 points possible.

Calculation of Points for Program Acceptance

1. 500 points if entrance exam cumulative points equal 100%. A percentage of points will be awarded for entrance exam scores less than 100%. (Example: for an entrance exam score of 85%, multiply 500 by .85 = 425 points)
2. 300 points if cumulative collegiate GPA is 4.0. The GPA at the end of fall semester in the year prior to admission is used for this calculation. A percentage of points will be awarded for GPA’s less than 4.0. (Example: for a GPA of 3.0-divide 3.0 by 4.0 = 0.75; multiply 0.75 by 300 = 225 points)
3. The student’s points would be 425 + 225 = 650 total points
4. Students are ranked on a selection list in numerical order with the students with the highest scores selected to fill the class.

LPNs admitted to the program are required to attend a mandatory Nursing Program Orientation Session held in May with the date, time, and location included in the admission email.
### Program of Study for LPN – RN Transition Program

#### Prerequisites

- PSYC 1030 General Psychology
- ENGL 1010 English Composition I
- BIOL 2010 Anatomy & Physiology I
- BIOL 2020 Anatomy & Physiology II
- BIOL 2230 Microbiology

<table>
<thead>
<tr>
<th>Summer Semester</th>

<th>7 (5/2)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Total</td>
<td></td>
<td>7 Credit Hours</td>
</tr>
</tbody>
</table>

| Fall Semester   | SPCH 1010   | 3       |
|                 | NURS 2410 Nursing Care III | 9 (6/3) |
|                 | ENGL 1020 English Composition II | 3 |
| Total           |             | 15 Credit Hours |

| Spring          | Humanity Elective: ARTA, MUSA, or THEA 1030 | 3 |
|                 | NURS 2130 Seminar in Nursing | 1 |
|                 | NURS 2420 Nursing Care IV | 9 (6/3) |
| Total           |             | 13 Credit Hours |

| Program Total Hours | 66 Credit Hours |

*Upon completion of NURS 1350, the student will receive credit for seven credit hours for NURS 1350 and is granted additional 13 semester hours for NURS 1410, NURS 1400, NURS 1070, and NURS 1420.

Students must enroll and complete the general education courses and the required nursing courses by the semester indicated on the Program of Study with any exception approved by the Director of Nursing Education. Students do have the option to complete the general education courses prior to program admittance or before the semester required. Students who need to maintain a full-time student status should seek advising to plan their academic schedule.

Total Hours including prerequisites: 66 Credit Hours

### Applicants Not Selected for the Program

After the students have been selected, the selection list converts to an alternate list and, if needed, candidates are selected from the alternate list in numerical sequence until the class is full. Candidates not selected will need to resubmit a nursing application if they want to be considered for admission in the next year. If an applicant has taken the HESI entrance exam within the past 5 years, he/she can use their existing score or retake the examination. To use an existing score, the student is responsible for emailing a scanned copy of the HESI entrance exam to the Nursing Program (nursingeducation@mscc.edu) by the nursing application deadline.

*If the entrance examination or admission criteria change, candidates are required to comply with new admission guidelines.*
**Nursing Education Program Costs**

In addition to the fees of the college, students admitted to the nursing program may anticipate the following approximated expenses:

<table>
<thead>
<tr>
