

## Motlow State Community College (MSCC) Financial Aid Processing Dates

**NOTE: Priority/Deadline Dates:** Some aid programs are awarded on a first-come, first-serve basis and an early application receives priority consideration. Students who complete their financial aid packet by the priority date should have federal funds available for the beginning of the semester. Applications received after a deadline date will be processed only as time allows. Students in this situation should make arrangements to pay tuition and fees using other than Federal or State funds. Awards will be posted as file processing is completed. A file is complete when MSCC receives a FAFSA accepted by the Department of Education AND the student turns in all documents required by the MSCC Financial Aid Office AND completes their admissions file AND corrections are completed (if required) AND they are making satisfactory academic progress for financial aid AND financial aid awards are posted to the account.

**A new FAFSA must be filed each year. It is strongly encouraged that you file as soon after October 1st each year as possible.**
