ACCELERATED General Education Program

Are you seeking to begin your undergraduate education, but traditional class times won’t fit into your busy schedule? Motlow College is excited to offer a brand new accelerated learning program that will provide new learning opportunities for the students we serve!

Beginning in January 2012, students can enroll in our Accelerated classes. These new courses compress an entire college class into a two or three week period. Classes meet only during the weekends – usually on Friday evenings and Saturdays. A new class will begin every three weeks, and the program allows students the opportunity to complete the general education requirements towards an Associate degree at a much faster pace. The program is completely flexible - students may pick and choose whether to take some or all of the classes offered. With careful planning, it may even be possible to earn your entire Associate degree within one year.

Sound like a good fit for your schedule and needs? If so, then contact an academic advisor at (615) 220-7805 for more information on how to register and enroll in classes! The current schedule for these course offerings is listed below.

**ACCELERATED General Education Program**

**Spring 2013**

- **ENGL 1010** – English Composition I – CRN# 10247 – 01/17/2013-02/03/2013
